Case converted from Chapter 11 to Chapter 7 on 9-23-09, and is one of five affiliated and jointly administered debtors in the Renaissance Hospital system. Chapter 5 causes of action, accounts receivable, and refunds are currently being pursued for the estate. The trustee, for administrative convenience, may close this estate simultaneous with the other affiliated estates.

Update as of 12/31/14: The collection of accounts receivable, reflected as Asset No. 6, should be substantially completed by the last quarter of 2015. In this regard, there are on appeal by various insurance carriers approximately \$1,000,000.00 of cumulative claims awarded this estate and the affiliated Renaissance estates. The trustee sought an offer from a bankruptcy estate remnant purchaser to purchase the claims on appeal in an effort to immediately close the Renaissance estates. However, the purchase offer was too low to justify a sale. The case will be ready for the submission of a Trustee's Final Report upon the resolution of the claims on appeal.

Update as of 12/31/2015: The collection of the remaining accounts receivable appear to require litigation. The majority of the cases have been scheduled for trial in May 2016.

Update as of 12/5/16 and 12/31/16: The trustee notes that Asset Nos. 1 - 6, and 8 - 10 were assets administered during the Chapter 11 bankruptcy proceeding and therefore are not administered in the Chapter 7. Collection of the remaining accounts receivable is on-going. The trustee has sold the remnant assets in the estate for a purchase price of \$21,250. The estate retains an interest in the accounts receivable, though part of the remnant asset sale, to the extent collections exceed \$50,000.
